***“What Fruits Are Berries?”***

- Below are all fruits.
- Some belong to the Berry Group (True Berries, Pepo or Hesperidium) and some are not berries at all.
- Your assignment is to place these fruits into their correct category.
- You can use your Fruit Diagram and class notes to help.

Grape  
Apple  
Pumpkin  
Blackberry  
Grapefruit

Strawberry  
Persimmon  
Lime  
Cranberry  
Peach

Tomato  
Watermelon
